Panoply is changing the game as to pertains the Drive-in experience. During this global pandemic, we want to offer guests a luxurious experience to get out of their house and enjoy the world around them! We offer a safe adventure for your group in your car by providing masks, hand sanitizer, and space outside your car to walk or stand. (We ask that you only come into the event in your car with people that are in your household.) In addition, we offer food, drinks, and other items to enjoy your stay at the event. Drivers at the event will not be sold any drinks containing alcohol. We want all guests to feel at ease and look forward to seeing you all at our next event!
